

Terence Ngwa Care On Demand- Kaiser Permanente®

Speaker 1:

I am a father, a husband, I'm a family man. I use kp.org for every single thing. Set up appointments, to review prescriptions, check lab results. And as a teacher with very limited time, you can schedule a video visit, take a lunch break, talk to a provider. That makes a huge difference. I love the healthcare that I receive through Kaiser Permanente. It's like family. It is the most convenient place to be.
